EXAMINER'S AMENDMENT

1. This communication is responsive to RCE dated 3/7/2006, and especially responsive to the telephone interview dated 5/3/2006 (see Interview Summary sheet).
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
3. Since the title of the invention is not descriptive, a new title is required that is clearly indicative of the invention to which the claims are directed.

The title has been changed to: Flat panel display comprising semiconductor layer with heterogeneous lines.

Allowable Subject Matter

Claims 1-13 are allowed.

Reasons for Allowance

Claims 1-13 are allowable since there is no prior art of record that teaches or suggests a flat panel display comprising a relationship of various elements as claimed with the specific allowable subject matter cited in the following claims:

Claim 1 and 10:

- the driving thin film transistor comprises semiconductor channels which are derived from a semiconductor layer
- heterogeneous straight lines are separated from each other on the semiconductor layer

Art Unit: 2871

- at least one of the semiconductor channels comprise at least one of the heterogeneous straight lines
- an imaginary line connecting the semiconductor channels of one column is not parallel to the heterogeneous straight lines.

Claims 2-9 and 11-13 are allowed since they depend on the allowed claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Ohtani et al (US 6,303,963) discloses the semiconductor channels in thin film transistors formed from semiconductor layer after being crystallized.

Komiya et al (US 6,456,013) discloses an imaginary line connecting the semiconductor channels of one column is not a straight line.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
